MARKETING Guide

Start generating leads pre, during and post show!

Now is your chance to start making the most of your stand package to gain maximum return on your investment. Take a look at the marketing and PR tools available to you as part of your stand package. We strongly advise that you take advantage of these tools in order to maximise your presence before, during and after the exhibition.

My Easyfairs account

Update your account to promote your products, press releases and company information as soon as you book your stand. Nominate 1 product for the Innovation Gallery to be included in the guided Innovation Trail tours onsite.

Trackable registration link

Invite your clients to see you at the show with unique trackable links, so you can see who has registered via your link.

Vip invitations

Nominate up to 100 of your top prospects and clients so we can invite them on your behalf as a VIP, so they can redeem all the VIP benefits.

Customisable HTML code

Promote your stand and products easily through your own email system with our customisable HTML template.

Banners and social artwork

Log in to your My Easyfairs account to download your personalised banners which you can add to your website, social channels, email signature and email campaigns. Link it to your trackable registration link to see who has registered to see you at the show.

Show guide entry

Supply us with 50 words about your company or products to appear in the show guide which is distributed to every visitor upon entry to the exhibition and inserted in the October issue of Laboratory News magazine.

Secure mailing

We can send you up to 100 personalised invitations inviting your clients to the show. These can be distributed to your database, included with invoices, sent with samples and so on.

Editorial

Send us your news, press releases and product launch information so our dedicated PR agency can share it with all major trade press to get you free editorial in trade press publications.
